

Jabra PanaCast

Engineered to be the world's first intelligent 180° Panoramic-4K plug-and-play video solution*

The perfect partner for Jabra Speak. Bringing your huddle room to life.

Inclusive meetings

Panoramic-4K video using three 13-megapixel cameras and patented real-time video stitching. 180° coverage gives a more natural, inclusive view of the huddle room; the perfect partner for rich Jabra Speak audio.

Intelligent video technology

Intuitive camera technology detects individual meeting participants and optimizes the field of view to include everyone in the conversation. Video quality is automatically and continuously optimized, even under varying lighting conditions, to provide a better viewing experience.

Instant collaboration

Plug-and-play technology lets you collaborate with others quickly and easily, bringing hassle-free video and audio to your huddle room.

Versatile compatibility

Compatible with all leading video and audio conferencing solutions. Certified for use with Microsoft Teams and works with Zoom, Cisco Webex and many more.

How to connect

Optimal collaboration

For an optimal collaboration experience, install the Jabra PanaCast Hub* in your huddle room as a stationary media management center.

Once installed, make sure that Jabra PanaCast is selected as the default camera device in your UC platform, and then you can simply plug the hub cable into your PC or laptop to start a meeting.
