TECHNOLOGY LEGEND

Dust and Water Protection

IP64 rating for protection against dust ingress and water spray from any direction.

Microphone Steerable array

The focus stays on voice, not background noise, with the multi-microphone steerable array for echo and noise reduction.

Programmable function button

A programmable button that can be configured (via software) for one of several different functions including last smartphone number redial, play/pause media streaming from smartphone, system status check, delete Bluetooth pairings etc.

Wireless Daisy-Chain

Wirelessly connect two units together for larger meeting rooms (when connecting to devices via Bluetooth).
